

Well. *This escalated quickly.*

Twelve bottles. Two you'll want to hide, a few for dinner, and enough for the nights that don't deserve a good one. Don't drink them in order. Don't drink them all this week.

One is wrapped in black. Don't look it up. Drink it first, then scan.

Scan. I'll tell you

Drink it first. Then scan the card and I'll tell you what it was.

Lisa's bad decision.

I wasn't going to release this one. Then I did.

The expensive one.

Save it for someone you really like. Or don't.

The Wednesday wine.

Pizza. Pasta. Second glass. Done.

Drink this.

Approachable now. Its sibling is in the cellar pile.

Hide this.

The one that gets better if you leave it alone.

The morning after.

Last night was complicated. This isn't.
